RE: Support for HB 5752 & 5753

The Calhoun County Public Health Department supports HB 5752 & 5753. We believe that the Public Health protection provided for in these bills is in the best interest of the citizens and visitors to Michigan. I thank you both for the opportunity to participate in the various stakeholder meetings to refine the bills as they are written today. While not perfect, these bills achieve the goal of improving Public Health in our State.
